Huron Academy Student Survey 2025-2026

At CS Partners, we are dedicated to working together with your academy towards continuous improvement. One of the ways we do this is to annually survey our parents, students and staff. In the following survey, we seek your perspective on questions related to research on effective schools and positive organizations. We would appreciate you taking 5-10 minutes to complete this survey to help us evaluate progress and potentially identify future areas of focus. We do not collect names or other information that identifies individual respondents to this survey. **These questions and responses are required by law to be posted on the school's website. All information is collected anonymously, and data will only be publicly viewed, shared, or published as a group of respondents.**
