            3. Desiree took photos and put together a great video of the event as well!

        iii. Event was done around 8:30 (can use that as an end time for next year)
        iv. Two Dudes sold out by 8pm - they would love to come back next year and be more prepared. We should set coffee up near exit, or at least IN the parking lot
        v. Voting was a HUGE success this year
            1. Over 400 votes.
            2. Families loved voting for the different categories vs. just favorites.
            3. Cash next year - gift card fees have gone up
        vi. Orange vests seemed to help with loitering - line moved smoother than past years
        vii. Suggestion to mark every other spot for next year prior to the event for easier visibility for parking spots.
        viii. Evite was a bit confusing for some with sign-up. We did have some families set-up trunks that were not "signed up" (they did RSVP only). Thankfully Katie was able to verify them. Need different means for sign-up next year.
